

Diabetic Care and Patient Education: From Hospital to Clinic and Beyond

CarolinaEast Medical Center

March 12, 2018

9:00 AM – 1:00 PM

Ileen Craven, DNP, MSN, RN-BC
Vidant Medical Center

Program Number: 53555

Who Should Attend: Registered Nurses and other healthcare professionals

Description: This program will enable healthcare professionals to provide patient centered education to address glycemic control and prevent complications.

Objectives:

- Examine evidence regarding the negative impact of hyperglycemia on health of diabetic patients
- Review some of the steps necessary to control glucose levels in the hospital
- Discuss preventative measures and the treatment of acute complications of diabetes
- Discuss the role of the nurse in various settings related to promoting patient education and monitoring
