

We are asking all students applying/using AHEC housing to take the following coronavirus precautions:

- A. **If you have symptoms of the COVID-19 virus (fever, cough, shortness of breath) please be considerate of others and do not use AHEC housing.**
 - Notify your school's student health office immediately and follow their guidelines.
 - Notify the AHEC that you are cancelling your housing request (you/your school will not be charged for the cancellation)

- B. **Students that have tested positive for COVID-19 must submit documentation from a healthcare provider of two (2) negative re-test results to the local AHEC housing coordinator.** These tests must be taken 24 hours apart and documentation must be received and acknowledged before applying for AHEC housing.

- C. **No student shall be permitted in AHEC housing within a 14-day period following the last day of any international travel, including cruises.**

- D. **Students whose clinical experiences are cancelled are expected to cancel their housing application immediately.** If the student is already on-site, we ask you to vacate as soon as feasibly possible.

- E. **Take responsibility for preventing the spread of COVID-19 in YOUR student housing.** AHEC housing is cleaned monthly but this is insufficient to prevent the current virus. Students should:
 - Bring Lysol, Clorox, disinfectant wipes, etc. with you.
 - Wipe surface areas, tables, door handles, light switches, sinks, etc. on a daily basis.

- F. **If you contract this virus within two weeks after staying in AHEC housing, please notify the local AHEC.**
